

AWCC Company Profile

**Created By Industry Professionals
For Industry Professionals**

Established in 2012, the Australian Well Control Centre (AWCC) **was founded by Drilling Professionals for Drilling Professionals**. The company's Co-Founder, Rob Challinder, has more than 35 years in the industry as a drilling specialist and senior executive.

OUR MISSION

AWCC is passionately committed to ensuring that all Industry Teams trained, receive specialist skills that:

- Successfully empowers an individual with knowledge and enhances their competency skill levels,
- Installs a culture of individual accountability regarding personal safety and making informed decisions that promotes a safety culture within their working environments,
- Promotes a team mindset that develops and maintains long term relationships with both our students and parent companies through positive and measurable training outcomes.

YOUR UNIQUE AWCC SERVICE EXPERIENCE
